

GENEFIT

CFIT A-LA-CARTE SERVICES

Provider: Kenneth S. Kosik, M.D.

CFIT is among the first generation of medical leaders to offer predictive and preventive medicine based on the personal genomics of our clients.

Genetic testing complete in just 3 visits!

1st Visit: Pre-test counseling session to discuss if genetic testing is right for you.

2nd Visit: Sample collection and informed consent paperwork is completed.

3rd Visit: Meet to discuss the results of your genetic test and risk factors.

Benefits to Genetic testing:

- ❖ Provides client with additional information to consider in their clinical decision making process.
- ❖ May lead to greater incentive on the part of the client to change their behaviors.
- ❖ All conditions for which we analyze genetic risk are clinically actionable, making it possible for you as the client to challenge your genes!

COST OF SERVICE ~ \$2500.00
